Sedia L58

This cool and comfortable soft chair was originally designed by Edoardo Gellner in 1958 as part of the interior design of the tavern Club at the Motel Agip located in the ENI Corporate Village of Corte di Cadore, funded by Enrico Mattei.

Completely redesigned by **Studio_Gellner** in 2013, the **Sedia L58** with its great personality becomes a cool design element in every kind of interiors. Also perfect in a group, is the natural companion of the **Sgabello L09** clouds: simple, joyful and contemporary.

Totally made in Italy by
LightsOn (www.lightson.it)
